

My Pro Picks Superbowl LIX Squares

\$400 per square

** 93% Payout **

Money is due by Jan. 10th or your square will be released.

Quarters and Final Scores

1 Quarter payout - \$3000

2 Quarter Payout - \$3000

3 Quarter Payout - \$3000

Final Score Payout - \$3000

Total = \$12,000

Quarter payouts are progressive and will be the last digit of the AFC teams score and NFC teams score. So if at the end of 1st quarter the score is AFC 10 and NFC 3, whomever has the square AFC 0 and NFC 3 would win \$3000. If the final score is NFC 21 and AFC 10, whomever has the square NFC 1 and AFC 0 wins \$3000 plus any Score change payout \$\$ left over.

Neighbors

Neighbors pays \$450 directly Above, Below, Right and Left of the quarter square winners. If you are in the top row, your neighbor directly above you would be the bottom square in that same column. If you are in the top right corner, your neighbor to your right would be the far left corner square in that same row, etc...

4 Winners per quarter

4 X \$450 - \$1800

4 X \$450 - \$1800

4 X \$450 - \$1800

4 X \$450 - \$1800

Total = \$7,200

Every score Change Payout

We will payout for every score change up to **15** times. There is \$9,000 in the Score change kitty.

\$600 for each score change. Once score changes exceed 15 times the payouts will stop. If score changes do not exceed 15 times then the remaining \$\$ will be given to the

←Final Score winner.

Ex.

1st Quarter

NFC scores a FG, square containing NFC 3 and AFC 0 wins.

AFC scores a TD, so square containing NFC 3 and AFC 6 wins

AFC scores Extra Point, so square containing NFC 3 and AFC 7 wins

And so on..

Total= \$9,000

Reverse Quarter Scores

There will be (4) total winners for the reverse quarter score. Each winner will receive \$450. So if the 1st quarter winning square was AFC 0 and NFC 3, we would pay \$450 to the person who has AFC 3 and NFC 0.

1 Quarter Reversed - \$450

2 Quarter Reversed - \$450

3 Quarter Reversed - \$450

Final Score Reversed - \$450

Total = \$1800

AFC and NFC Championship Games Halftime

score of each game will pay \$600. Final

Score of each game will pay \$1000.

Neighbor for halftime and final is \$250.

\$250 x 16 (neighbor payouts) = **\$4000.**

Halftime scores = **\$1200.**

Final scores = **\$2000.**
